vnu | ASIA PACIFIC

**CONNECTING PEOPLE,
BRANDS AND MARKETS**
THROUGH POWERFUL PLATFORMS

VNU Asia Pacific is part of VNU Group, a globally operating exhibition company with offices in Utrecht and Bangkok, and consolidates the international exhibition business of Royal Dutch Jaarbeurs. In Southeast Asia, Jaarbeurs formed a Joint Venture with TCC Assets, a leading corporate conglomerate in the fast-growing region. From its business hub located in Bangkok, VNU Asia Pacific covers key exhibition markets in South East Asia. VNU Asia Pacific has a constantly expanding portfolio with currently 19 tradeshow and event formats including leading brands for AgriTech, Animal Husbandry, Animal Companion, Pet, Life Sciences, Biotechnology, Health, Cybersecurity and Travel Technology.

Royal Dutch Jaarbeurs belongs to the top exhibition organizers worldwide and operates a 86,000 square meters exhibition center in the city of Utrecht, the Netherlands, which is one of the most sustainable and innovative venues in Europe. Royal Dutch Jaarbeurs welcomes over 2.5 million visitors to more than 80 fairs and events each year.

“Southeast Asia is one of the world’s most dynamic regions with continuously accelerating economic growth. The region’s markets provide people and companies from all over the world with genuine business, investment and knowledge sharing opportunities. As a result, South East Asia’s exhibition and conference industry is recognized as the ideal gateway to regional industries, companies and buyers.

VNU Asia Pacific is located right at the center of this dynamic region and the center of ASEAN’s MICE industry. From our regional business hub in the heart of Bangkok we organize trade and conference event platforms across multiple industries in key markets of South East Asia.”

Mrs. Rujiras Chatchalermkit
General Manager

VNU | ASIA PACIFIC

Why partner with VNU Asia Pacific?

Stronger together. We believe in long-term partnerships and win-win joint ventures. With strong local networks, global sales reach and a state-of-the-art MICE venue within the corporate structure, VNU Asia Pacific is the perfect local and regional partner for international exhibition organizers who want to capitalize on their business opportunities in the high-growth region of South East Asia.

South East Asia – A Global Growth Driver

A young population, strong economic growth, a fast-emerging middle class, numerous Free Trade Agreements and a unique geo-strategic location: South East Asia is a region on the rise.

687
million

people are living in South East Asia, 53% of them in urban areas. These are 369 million more consumers than in the European Union

370
million

is the digital consumer population in Southeast Asia, which is forecasted to reach 402 million by 2027

30.9
years old

is the median age in South East Asia with 3 out of 5 people below the age of 35

80%

of companies in ASEAN are projecting growth. This makes ASEAN the most optimistic trade bloc globally

6%

is the regional GDP growth rate of South East Asia, the second highest in the world after the Commonwealth of Independent States

\$441
billion

is the market value that the MICE industry in Asia Pacific is forecasted to reach by 2025. The current Compound Annual Growth Rate is 8.6%

VNU ASIA PACIFIC AT A GLANCE

Diverse portfolio of exhibitions and conferences across industries

The constantly evolving show portfolio in South East Asia includes exhibition and conference brands in the AgriTech, Animal Husbandry, Animal Companion, Food, Lifescience and Biotechnology industries.

Regional business hub in the heart of Bangkok

The PARQ, Thailand's first mixed-use development targeting both WELL and LEED Gold Certification, within walking distance of the Queen Sirikit National Convention Center (QSNCC) in the heart of Bangkok.

A strong team of international and local MICE experts

Passionate. Professional. Driven. VNU's team in Bangkok consists of MICE enthusiasts from around the world, including Thailand, Austria and Germany.

A new era of MICE

QSNCC, Thailand's first international convention center, has hosted over 20,000 national and international Meeting, Incentive, Convention, Exhibition (MICE) events and driven Thailand's MICE industry to success for 30 proud years.

Global networks and strong regional linkage

With global reach and strong regional linkage, our sales network covers 45 countries. We know how to sell exhibitions and conferences on a local, regional and global scale.

A widely diversified shareholder

Networks are key, especially in Asia. VNU Asia Pacific's Thai shareholder TCC Assets (Thailand) belongs to one of South East Asia's leading conglomerates, TCC Group. The corporate portfolio includes real estate development, hospitality services, as well as engineering and lifestyle services.

Our International Shareholder – Royal Dutch Jaarbeurs

Royal Dutch Jaarbeurs belongs to the top exhibition management companies by revenue worldwide. For over 100 years, Royal Dutch Jaarbeurs organizes and facilitates trade fairs, conferences, events and other meetings. In one of the most sustainable and innovative exhibition centers in Europe, located in the heart of the Netherlands, the Royal Dutch Jaarbeurs welcomes over 2.5 million visitors to more than 80 fairs and events each year.

CORPORATE STRUCTURE

ROYAL
JAARBEURS
THE NETHERLANDS

In English, Jaarbeurs means “yearly fair”. The first Jaarbeurs was in Utrecht back in 1917. Today, Jaarbeurs is one of the Netherlands most successful global corporations, serving customers throughout Europe and via Jaarbeurs International VNU Group, the rest of the world.

VNU | GROUP

The VNU Group consolidates the international exhibition business of Jaarbeurs. The group is divided into three separate and distinctive companies, which closely co-cooperate across borders.

VNU | EUROPE

The VNU Europe office is located in Utrecht within the extensive Jaarbeurs complex. The international team is wholly focused on the livestock sector, and specializes in organizing the worldwide VIV portfolio.

VNU | ASIA PACIFIC

VNU Asia Pacific is located at THE PARQ, an ultramodern office and lifestyle complex in the heart of Bangkok. VNU Asia Pacific is a strategic joint venture between Jaarbeurs and Southeast Asia’s leading corporate conglomerate TCC Assets (Thailand).

A photograph of several modern skyscrapers in a city, with a red banner at the bottom containing text. The buildings are glass-fronted and vary in height and design. The sky is overcast. In the foreground, there are green trees and a park area with people walking.

Our Thai Shareholder – TCC Assets (Thailand)

TCC Assets (Thailand) is an investment holding and real estate company. The company is one of the largest diversified property developer in Thailand. The company's investment themes focus on enhancing asset value through insightful development of products and services. The corporate portfolio includes real estate development, hospitality services, as well as engineering and lifestyle services.

OUR FUTURE

The world is changing. The pace of change – economic, technological and sociological – has never been faster than it is today. The world's population is increasing rapidly, and new technologies are disrupting industries, societies and power structures. The exhibition and conference industry is playing an indispensable role within this paradigm shift by accelerating the networks, technology and innovation necessary to master the challenges of the future.

Economic power is shifting from west to east, and South East Asia is becoming a growth driver of the global economy. The region's immense sales, sourcing and investment opportunities are attracting international attention. As a result, the exhibition and conference industry in South East Asia is growing with one of the highest regional growth rates worldwide.

International exhibition organizers are entering South East Asia seeking Win-Win Joint Ventures with well-connected and strong infrastructure partners. The future will see new platforms for new industries through new partnerships in this rising region. VNU Asia Pacific is perfectly positioned to drive this change.
